IT'S POLITICAL SATIRE!

One very long sentence...

“So, let me get this straight... We are going to be gifted with a health care plan we are forced to purchase, and fined if we don’t, which purportedly covers 10 million more people without adding a single new doctor, but provides for 16,000 new IRS agents, written by a committee whose chairman says he doesn’t understand it, passed by a Congress that didn’t read it but exempted themselves from it, and signed by a President who smokes, funding administered by a Treasury chief who didn’t pay his taxes, for which we will be taxed for four years before any benefits take effect by a government which has already bankrupted Social Security and Medicare, all to be overseen by a Surgeon General who is obese, and financed by a country that is broke.”

“So, what the blank could possibly go wrong?”

**??? What is the Affordable
Care Act ???**

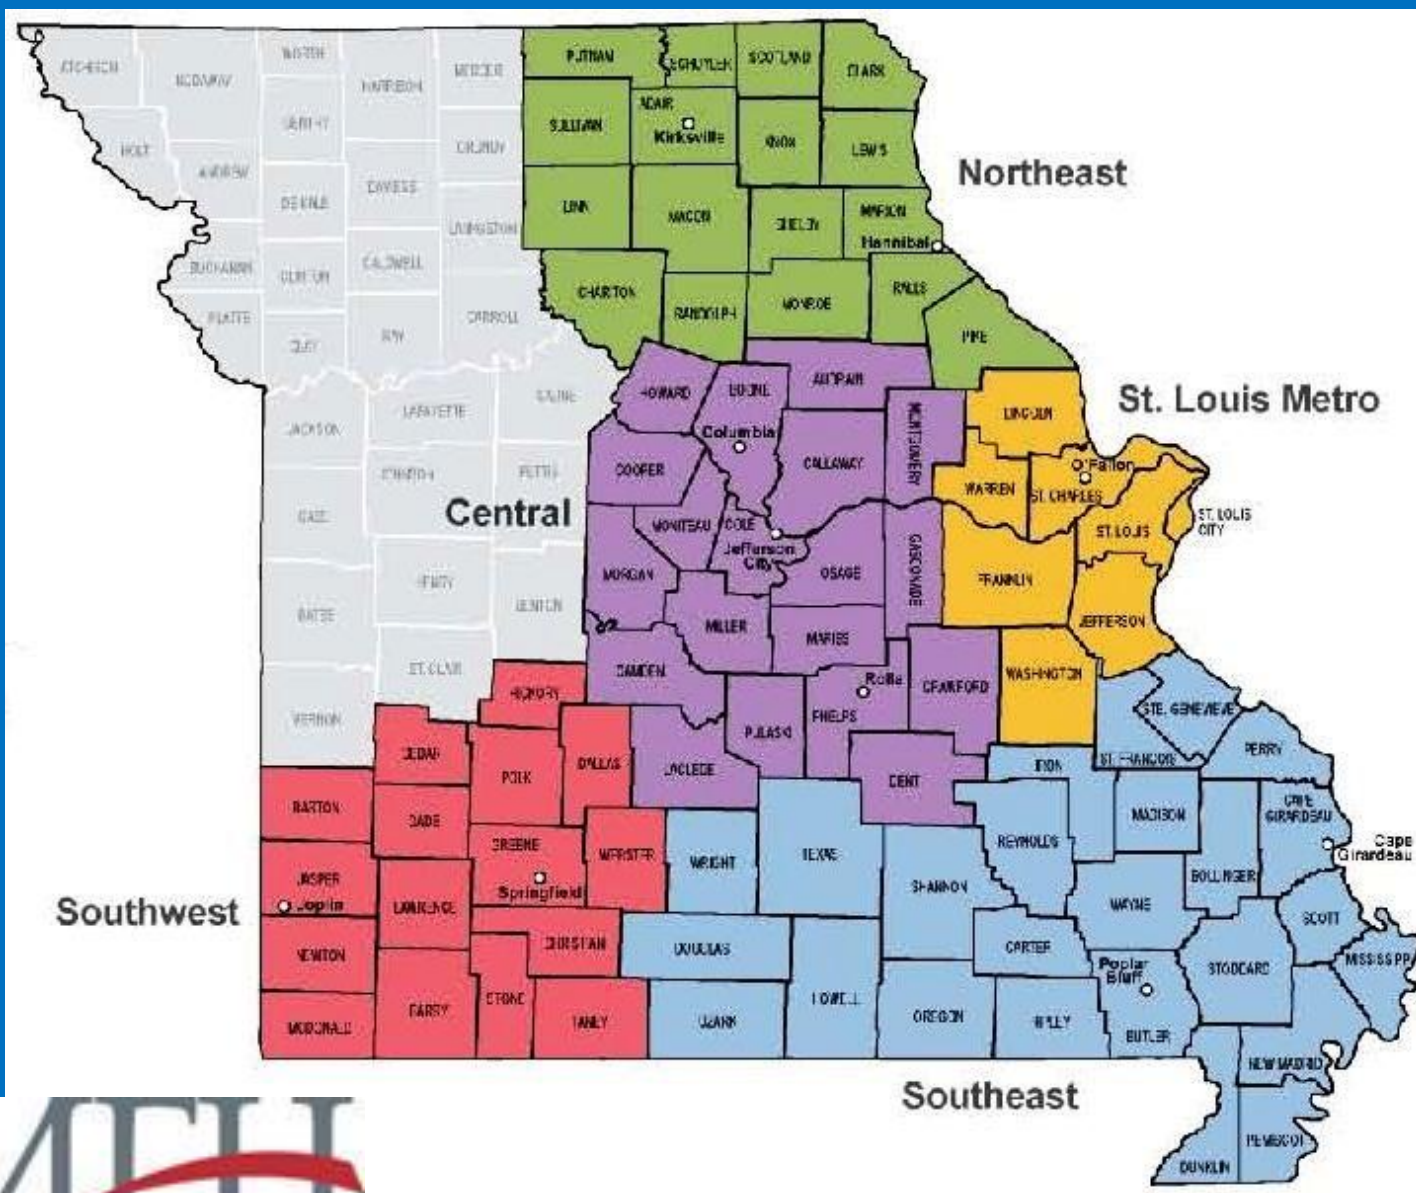

**?? What's
covered ??**

**"I'm covered as
of October 1st,
right" ???**

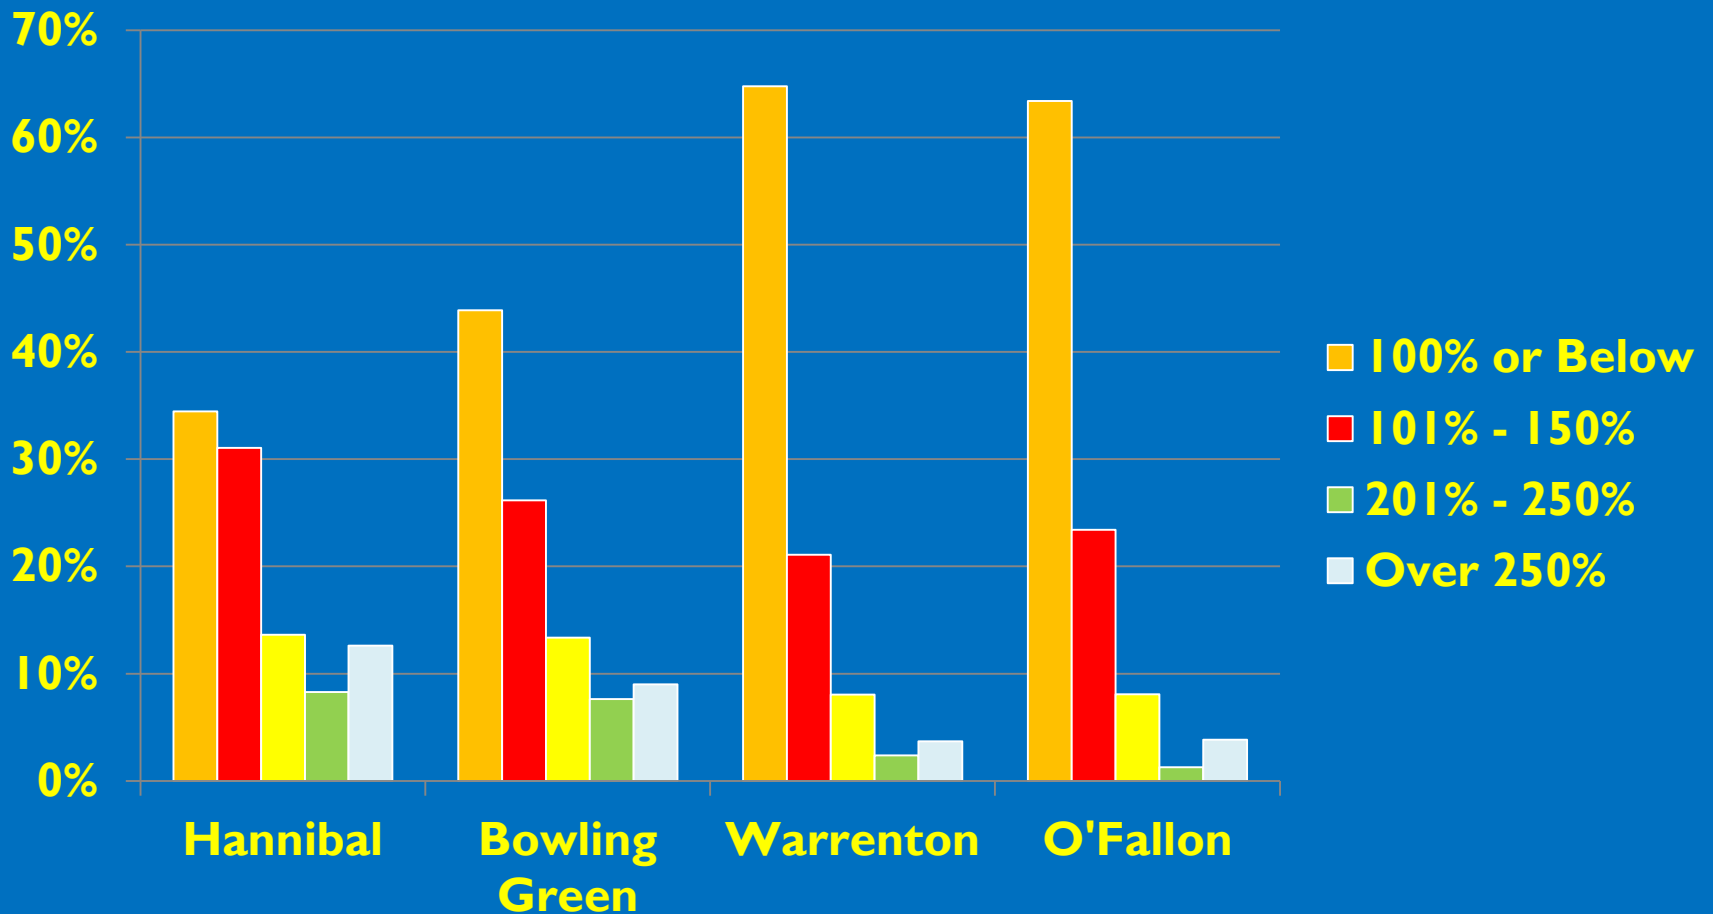

**"I get free pills,
right?"**
