A

MEDICAID

FAMILY PLANNING

EXPANSION

**30 million people
will not have health insurance
even with full implementation
of the ACA.**

30 million people

**NON-
EXPANSION
STATES**

**NOT
ENROLLED IN
COVERAGE**

**SEEKING
CONFIDENTIAL
SERVICES**

UNDOCUMENTED

The Safety Net

- Current patients will continue to seek care in the safety net
- So will the newly insured
- Recent study demonstrates post-health reform growth in Massachusetts

MEDICAL CENTER

NAME _____ AGE _____
ADDRESS _____ DATE _____

Rx

*Visits to
safety net
up 31%
in MA*

LABEL

SIGNATURE _____

REFILL 0 1 2 3 4 5 PRN NR

**There will still be
significant coverage gaps
following full implementation
of the ACA.**

CHURNING?

Churning

- **Income**
- **Employment status**
- **Marriage status**
- **Other changes in life circumstances**

CONFIDENTIAL

**Women may not have access
to the contraceptive
methods and services
most effective
for them.**

**It will take several years
to fully implement the ACA,
but it only takes one day
without access to family planning
to become pregnant.**

**Estimated
participation
rate for the
Medicaid
expansion is
57-60%**

**Medicaid family planning
expansion programs save states
millions of dollars
while improving public health.**

Saving Money

- **Save nearly \$4 for every \$1 spent on family planning**
- **Save nearly \$6 for every \$1 spent on family planning expansions**
- **Payer of last resort**

Education is Key

- Many will remain uninsured
- Coverage gaps
- Access to most effective methods
- ACA implementation will take time
- Family planning saves money!
