

## Coronavirus Disease 2019 (COVID-19) Resource List

The resources below are available online to support your organization and/or health center's preparation for a potential response to the novel coronavirus, named by the World Health Organization as COVID-19. Links will be updated and added, as needed. Please check the NFPRHA website for the most current version of this document.

### [Centers for Disease Control COVID-19 Web Page](#)

The Centers for Disease Control and Prevention (CDC) maintains up-to-date information on what is known about COVID-19, including symptoms, how it spreads, and situation updates on cases nationally and globally. The public can find information and answers to Frequently Asked Questions. Providers can also navigate to information and recommendations for clinical care.

### [CDC COVID-19 Information for Healthcare Professionals](#)

This is the CDC's landing page for all information for healthcare professionals, including current interim guidance on evaluation and reporting, clinical care, infection control, personal protective equipment (PPE), and home care.

Quick links from this page:

- [Interim Healthcare Personnel with Potential Exposure Guidance](#)
- Interim U.S. Guidance for Risk Assessment and Public Health Management of Persons with Potential Exposure:
  - [In Travel-Associated or Community Settings](#)
  - [In a Healthcare Setting](#)
- [What Healthcare Personnel Should Know about Caring for Patients with Confirmed or Possible COVID-19 Infection](#)
- [FAQs for Healthcare Providers](#)
- [Healthcare Supply of PPE & PPE Recommendations](#)
- [Webinar: Healthcare Systems Preparedness for COVID-19](#)
- [Healthcare Preparedness Tools](#)

### [CDC COVID-19 Communication Resources](#)

Free videos, fact sheets, posters, and media response resources from CDC.

### [Health Resources & Services Administration \(HRSA\) Emergency Preparedness and Recovery Resources for Health Centers](#)

Links and information for health centers during emergencies, including change in scope to add a temporary site(s), immediate 340B Drug Program immediate emergency enrollment, and more.

## **Pandemic Influenza Preparedness and Response Guidance and Checklists**

Although these documents were originally created to address pandemic flu, much of the guidance is relevant and can be used as templates for preparing for a COVID-19 response.

- [Medical Offices and Clinics Pandemic Influenza Planning Checklist](#) – CDC
- [Business Pandemic Influenza Planning Checklist](#) – CDC
- [CDC Pandemic Flu Planning Guidance and Checklists](#) – CDC documents for: workplace, childcare, and school administrators; event planners; community and faith-based organizations; individuals and households
- [Business Planning Checklist to Prepare Family Medicine Offices for Pandemic Influenza](#) – American Academy of Family Physicians (AAFP)
  - Also from the AAFP, a blog post on [Coronavirus: Six ways to prepare your practice now](#).

## **[World Health Organization \(WHO\) Key planning recommendations for Mass Gatherings in the context of the current COVID-19 outbreak](#)**

Document for organizers of mass gatherings outlining key considerations in the context of the COVID-19 outbreak.
