

Title X-funded health centers helped women avoid one million unintended pregnancies in 2013, which prevented 501,000 unplanned births and 345,000 abortions.

Despite these positive health impacts, federal funding for Title X has shrunk, and now fewer low-income and uninsured people across the country, and in Nevada, are able to access family planning and sexual health services funded by Title X.

**Grantees**

- Carson City Health and Human Services
- Douglas County Community Health
- Nevada State Division of Health
- Southern Nevada Health District
- Washoe County Health District

**Service Sites**

- Federally Qualified Health Center – 1
- Local Health Department – 18

**CONSEQUENCES OF FUNDING LOSSES**

**13,200**

more women in need of publicly funded contraceptive services and supplies

**15%** decrease

in the network's capacity to meet the need for publicly funded family planning services

Fewer Patients Served

**53%**

# WHY TITLE X MATTERS

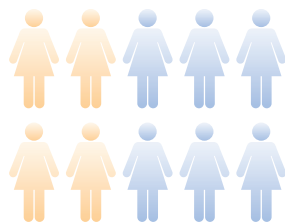

I rely on my provider to provide quality care when I need it.

My provider is trustworthy and supportive. It's where I prefer to go to get the high-quality health care I count on.

**CONFIDENTIAL**

Title X guarantees confidentiality protections that cannot be found elsewhere.

**6** out of **10** women who turn to Title X family planning say it is their regular source for care.
