

Title X-funded health centers helped women avoid one million unintended pregnancies in 2013, which prevented 501,000 unplanned births and 345,000 abortions.

Despite these positive health impacts, federal funding for Title X has shrunk, and now fewer low-income and uninsured people across the country, and in Ohio, are able to access family planning and sexual health services funded by Title X.

CONSEQUENCES OF FUNDING LOSSES

16,940

more women in need of publicly funded contraceptive services and supplies

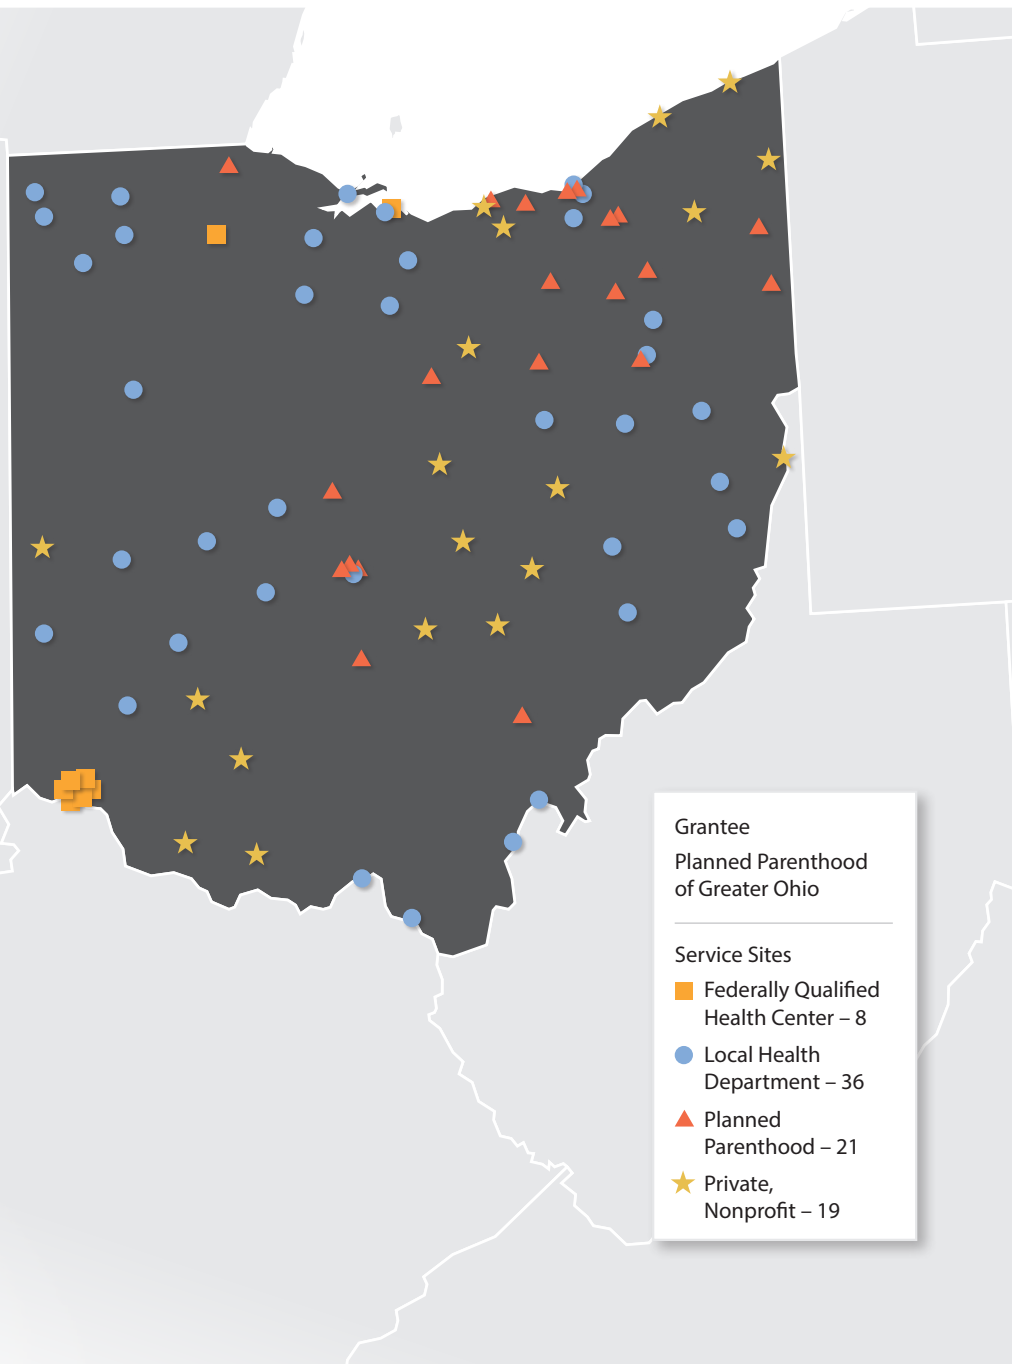

24%
decrease

in the network's capacity to meet the need for publicly funded family planning services

Fewer Patients Served

15%

WHY TITLE X MATTERS

I rely on my provider to provide quality care when I need it.

My provider is trustworthy and supportive. It's where I prefer to go to get the high-quality health care I count on.

CONFIDENTIAL

Title X guarantees confidentiality protections that cannot be found elsewhere.

6 out of **10** women who turn to Title X family planning say it is their regular source for care.
