

THE TITLE X FAMILY PLANNING PROGRAM IN New Jersey

The New Jersey Family Planning League is the Title X grantee in New Jersey. The diverse network of health centers supported by Title X provides a range of essential preventive health services, including breast and cervical cancer detection, screening and treatment for sexually transmitted diseases, HIV testing, and contraception, for thousands of low-income, uninsured, and underinsured individuals and families each year who would otherwise lack access to care.

Despite this important mission, federal funding for Title X has shrunk in recent years, and now fewer low-income and uninsured people in New Jersey are able to access family planning and sexual health services funded by Title X.

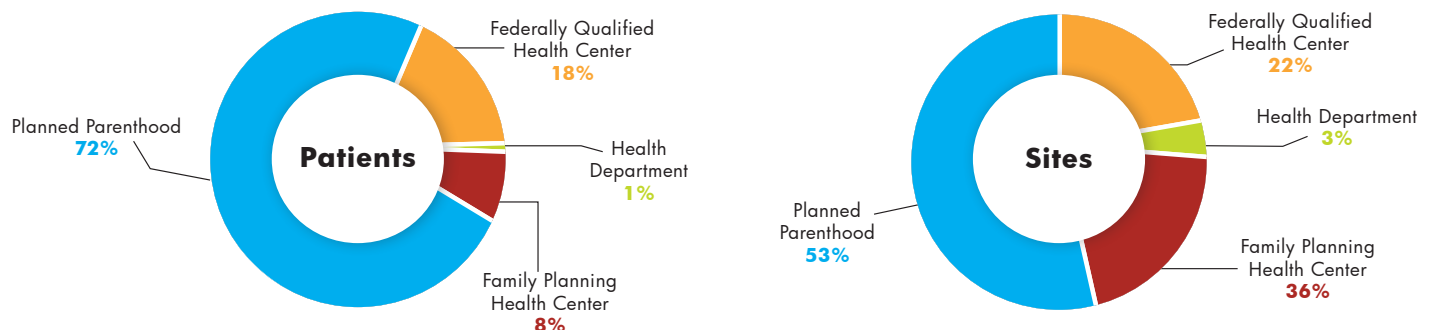

Note: This map reflects the 2017 Title X network.

FUNDING AND PATIENT LEVELS

	FY2010	FY 2014	FY 2015	FY 2016	FY2017	Net Change
NATIONAL						
Funding	\$317.5 M	\$286.4 M	\$286.5 M	\$286.5 M	\$286.5 M	-\$31 M
Patients	5,224,862	4,129,283	4,018,015	4,007,552	4,004,246	-1,220,616
