

# Tennessee

The Tennessee Department of Health is the Title X grantee in Tennessee. The diverse network of health centers supported by Title X provides a range of essential preventive health services, including breast and cervical cancer detection, screening and treatment for sexually transmitted diseases, HIV testing, and contraception, for thousands of low-income, uninsured, and underinsured individuals and families each year who would otherwise lack access to care.

Despite this important mission, federal funding for Title X has shrunk in recent years, and now fewer low-income and uninsured people in Tennessee are able to access family planning and sexual health services funded by Title X.

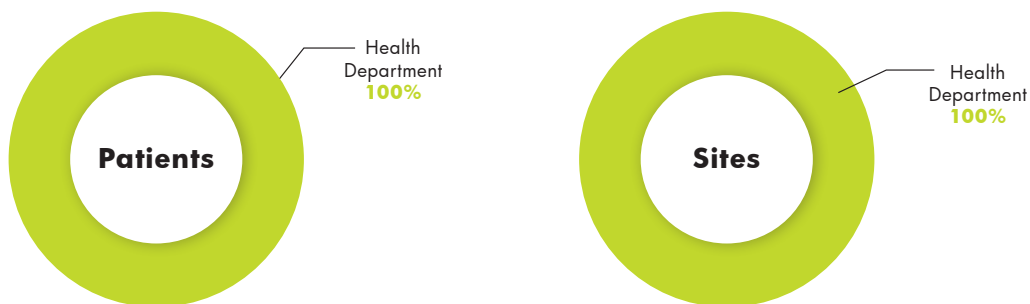

Note: This map reflects the 2017 Title X network.

## FUNDING AND PATIENT LEVELS

	FY2010	FY 2014	FY 2015	FY 2016	FY2017	Net Change
NATIONAL						
Funding	\$317.5 M	\$286.4 M	\$286.5 M	\$286.5 M	\$286.5 M	-\$31 M
Patients	5,224,862	4,129,283	4,018,015	4,007,552	4,004,246	-1,220,616
TENNESSEE						
Funding	\$6,648,028	\$6,062,300	\$6,707,000	\$6,710,000	\$6,710,000	+\$61,972
Patients	116,902	93,626	75,356	75,467	73,634	-43,268

## HOW PATIENTS ACCESS CARE

The following charts show the site type and patient distribution for participating providers in 2016.
