

# TITLE X'S ROLE South Carolina

National  
**Family Planning**  
& Reproductive Health Association

The Title X ("ten") family planning program is critical to providing and maintaining access to family planning services for people with low and no incomes and people who are un- or under-insured. This mission has been threatened by years of insufficient funding and politically motivated attacks, leaving millions without access to federally supported services.

## 2023 GRANTEES

FAMILY PLANNING-ONLY ELIGIBILITY

In 2023, the FPL was \$14,580 for an individual.

<sup>1</sup> The grantees list includes any grantee that was awarded funds in that year. Additional organizations may have had funds for a grant that ended partway through the year.

<sup>2</sup> This count includes any service site that participated for any portion of the year.

<sup>3</sup> South Carolina law bans abortion when fetal cardiac activity can be detected. This typically, but not always, occurs at six weeks of pregnancy.
